"America cannot withstand a corrupt bureaucracy that obstructs justice and interferes in elections"

Dear Patriots,

Let's face it, we have an out-of-control, unelected federal bureaucracy.

The only thing that stands in the way of their control of America are a handful of U.S Representatives and even fewer U.S Senators.

Pray for the few and the brave as they fight to push out truthful information through investigations. The Deep State is fighting hard to keep from you from knowing what they have been allowing for years.

1- Our own FBI implemented their plan to fix an election by suppressing the evidence they had that the Biden family took bribes in exchange for changing American policies.

'Highly Credible' Source Reveals FBI Election Interference Scandal

QUOTE: The confidential human source (CHS) behind the detailed allegations that then-Vice President Joe Biden agreed to accept money from a foreign national to affect policy decisions was reportedly "highly credible" and used by the FBI in multiple criminal investigations dating back to the Obama administration. Friday's exclusive by Fox News provides further insight into Sen. Chuck Grassley's focus on the FBI — as opposed to the Biden family — as the primary scandal in play.

"We aren't interested in whether or not the accusations against [then]-Vice President Biden are accurate," Grassley said during an interview last week discussing FBI Director Christopher Wray's refusal to comply with the congressional subpoena issued for the FD-1023 form.

That form, dated June 30, 2020, included detailed information from a CHS to the FBI regarding an agreement by now-President Biden to deliver preferred foreign policy positions for a \$5 million payment.

After Grassley revealed he had already seen the FD-1023, Fox News' Bill Hemmer queried: "How damning is this document to the sitting U.S. president?"

"I don't know," responded Grassley, a member of the Senate Judiciary Committee. He stressed that while "there's accusations" in the FBI report, the congressional oversight committees' concern is whether "the FBI does its job." "That's what we want to know," he continued.

Yes, the CHS's allegations offer more evidence of a Biden family pay-to-play scandal, and unraveling any criminal conduct by the Biden family remains important. But more significant to the future of our country is uncovering government actors responsible for violating the rule of law: America can survive select injustices, but it cannot withstand a corrupt bureaucracy that obstructs justice and interferes in elections.

Yet that is precisely what occurred, according to the whistleblower. He claimed that "in August 2020, FBI Supervisory Intelligence Analyst Brian Auten opened an assessment which was used by a FBI Headquarters' team to improperly discredit negative Hunter Biden information as disinformation and caused investigative activity to cease." The whistleblower further alleged that the FBI HQ team that handled the Auten assessment, after concluding the reporting was disinformation, placed the

information in a restricted access sub-file that only the particular agents who uncovered the CHS's information could access.

This evidence of continuing political bias at the FBI is Grassley's primary concern, prompting him to call for a "change in the culture." That change will be a long time coming, however, given that Wray resisted the subpoena and appears poised to fight Grassley and congressional oversight committees every step of the way.

2- It will be interesting to see if this actually happens. Given the overall weakness of elected Republicans, we would not bet on it.

Republican Anna Paulina Luna: "Adam Schiff Is a CRIMINAL, He Will Be Held Accountable"

QUOTE: Florida Republican Rep. Anna Paulina Luna vowed to hold "criminal" Democrat Adam Schiff accountable for lying about the Trump-Russia investigation which ripped the country apart.

Paulina Luna also introduced a measure to expel Democrat Schiff from the House of Representatives after the Durham report revealed he repeatedly lied about the Trump-Russia "collusion."

Schiff repeatedly lied to the American people, claiming he had "evidence" of Trump's collusion with Russia.

It was all a lie.

"Adam Schiff lied to the American people," Luna said. "He used his position on House Intelligence to push a lie that cost American taxpayers millions of dollars and abused the trust placed in him as Chairman. He is a dishonor to the House of Representatives. The Durham Report makes clear that the Russian Collusion was a lie from day one, and Schiff knowingly used his position in an attempt to divide our country," she added.

RFK Jr. Says Fox News Didn't Run Negative Vaccine Stories to Keep Big Pharma Advertisers

QUOTE: Democratic presidential candidate Robert F. Kennedy Jr. said Fox News barred content that reflected negatively on vaccines to appease its big-money advertisers in the pharmaceutical industry.

During a June 5 Twitter Spaces interview with the platform's owner, Elon Musk, Kennedy disclosed that he approached former Fox News CEO Roger Ailes in 2016

about doing a story on the mercury content in vaccines but was shut down.

"He said that any of his hosts who allowed me on TV to talk about this, that he would be forced to fire them," Kennedy recalled. "And he said that 75 percent of his advertising revenues for the nightly news shows were at that point coming from pharma."

According to Kennedy, Ailes was sympathetic to his cause but knew that such a story would result in a call from Fox News owner Rupert Murdoch "within 10 minutes."

As an outspoken critic of the COVID-19 vaccines, Kennedy has faced his fair share of being removed from platforms in recent years, with the most recent example being his campaign's suspension from Instagram.

Last week, Kennedy shared the news on Twitter, noting that his personal account was banned years ago and has not been reinstated despite his political candidacy.

"To silence a major political candidate is profoundly undemocratic," he wrote on June 1 in a tweet. "Social media is the modern equivalent of the town square. How can democracy function if only some candidates have access to it?"

"Free speech and the free flow of information is the water, it's the sunlight, it's the fertilizer and soil to democracy," Kennedy said. "Without it, democracy withers and dies."

'Death Sentence for Millions': WHO, EU Launch New Global Vaccine Passport Initiative

QUOTE: The World Health Organization (WHO) and the European Commission — the executive branch of the European Union (EU) — on Monday launched a "landmark digital health partnership" marking the beginning of the WHO Global Digital Health Certification Network (GDHCN) to promote a global interoperable digital vaccine passport.

Beginning this month, the WHO will adopt the EU's system of digital COVID-19 certification "to establish a global system that will help facilitate global mobility and protect citizens across the world from on-going and future health threats, including pandemics," according to Monday's announcements by the WHO and the European Commission.

Michael Rectenwald, Ph.D., author of "Google Archipelago: The Digital Gulag and the Simulation of Freedom," told The Defender that, under the guise of preserving freedom, a digital passport system "means

restraints on movement and living for the unvaccinated and forced vaccination to participate in life."

Rectenwald called "pandemic passports" a "death sentence for millions." He told The Defender: "Despite the studies demonstrating that vaccines to curb pandemics have been deadly and useless, the WHO is doubling down on vaccine mandates. Pandemic passports equal a death sentence for millions and the abrogation of rights for the non-compliant. The WHO should be stopped before it completes the construction of a global totalitarian system.
