My health insurance sent me a letter telling me they're cancelling my health insurance because they don't know my address.

So tomorrow I have to read that back to them and see if they can see the problem there.

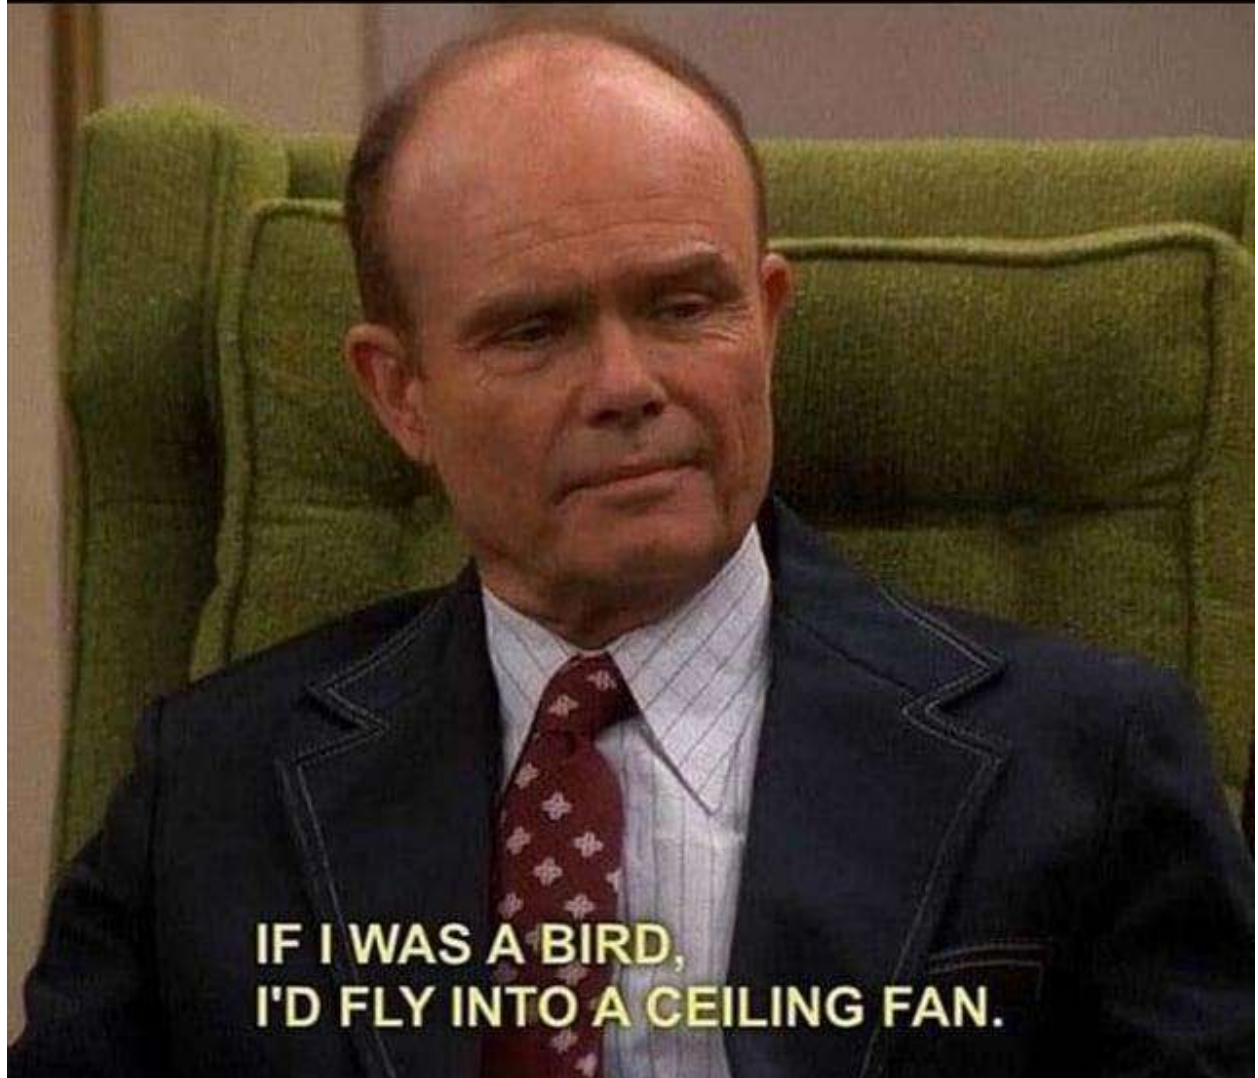

A collage of various food items. In the top left, a bowl of brown seeds. In the top right, a bowl of white shrimp. In the center, a wooden cutting board with fresh green herbs. In the foreground, a large piece of raw salmon with its skin on. The text is overlaid on this collage.

Processed food was

A person is lying in bed, partially covered by a grey blanket. They are holding a smartphone in their hands and looking at the screen. The background shows a pillow with vertical stripes in dark and light colors. The text is overlaid on the image in a white, sans-serif font.

i'm sick of watching
screen 24/7. Give me
some hobbies that are
cheap but addictive so I
won't want to pick up my
phone.

My mom decided today, on her birthday she wanted to break 23 years of trust and bond we had built.... By telling me I'm in the NFL and I need to pay for my own phone bill. I feel betrayed.

i think my ideal job is being paid 50\$/hour to sit on the computer doing whatever i want at an empty rented office space for mysterious employers definitely running some kind of money laundering scheme and just needing me to keep up appearances of one of their shell companies but im not like, in on anything and no one can charge me for anything
