NOW: RFK Jr. Just Nailed It.

“Neither my father nor my uncle would recognize the Democratic Party of today. This is no longer about left and right. It is about the sane and the insane.”

Do you agree?

Seattle's taxes exploded ****172%**** from 2013 to 2025 while population grew only 31% and jobs barely crawled up 23%.

This is not a coincidence. This is the deliberate result of years of reckless, anti-business, high-tax policies pushed by the Seattle City Council, every mayor who enabled them, and Washington's governors who kept stacking on more taxes and mandates from Olympia.

They forced repeated minimum wage hikes on top of the tax increases, driving up costs for every business and every resident. The predictable outcome: soaring cost of living, businesses leaving, jobs disappearing, and working people getting crushed.

Washington has now hit the same point of no return Detroit reached. Look at Detroit today — hollowed out, struggling, still paying the price for the exact same failed approach.

This is the future these politicians are forcing on Seattle. They own the damage. Every last bit of it.
