

Wanda Grone, Island County Treasurer, Endorses Tony Lam

It will be time soon to vote for the next Island County Treasurer. I am retiring at the end of 2022 and supporting Tony Lam, my Chief Deputy, as the best candidate to replace me. Tony is a degreed accountant with 14 years at Island County. He has successfully handled the financial responsibilities of the office and has the knowledge and ideas to carry it forward in the future. He is reliable, responsible, and honest. He has high ethical standards for himself and requires the same from those around him.

The Treasurer interacts daily with the Auditor, Assessor, and many County departments. Tony will do an excellent job in assuring these relationships remain cordial and that things get done.

The County Treasurer's office has statutory fiduciary responsibilities that have not changed since it was established by the State Constitution in 1889. Those responsibilities require experience working in the financial field. That is the reason we should elect the individual who can continue to protect the County's assets and assure that financial activities are conducted responsibly and correctly. Tony will do an excellent job as the face of the Island County Treasurer, Please give him your vote.
