

Shocking Report About Trump the MSM Doesn't Want You to See

President Donald J. Trump won a majority of the vote in Maricopa County throughout the 2020 governmental election, according to a brand-new report from [Jovan Pulitzer](#).

“There is sufficient and irrefutable evidence of pervasive voter fraud and widespread election fraud in Maricopa County, Arizona,” Pulitzer stated Monday while providing his [findings](#) to state lawmakers and political prospects in Scottsdale, Arizona.

Joe Biden was initially reported to have actually won the most votes in Maricopa County, Pulitzer asserted, “59 percent of the votes, when adjusted by removing the predetermined outcome and revealing the true vote, is found to have been the votes cast for Donald J. Trump.”

The stunning discovery arose from a continuous forensic analysis Pulitzer has actually been performing into the paper votes cast in Maricopa County in the 2020 election.

According to the developer, he carried out more than 3 million clinical tests, discovering that 38 percent of all mail-in votes cast for Joe Biden and 33 percent of all Election Day votes cast for President Trump were fraudulently “predetermined” by a mathematical algorithm.

The final count, he included, revealed that 91 percent of all predetermined votes were cast for Biden.

Significantly, Pulitzer’s findings match the election margin some [reported](#) on November 4, 2020, prior to the vote counts [ended](#) nine days after.

The bombshell discovery followed the Maricopa County Republican Committee (MCRC) Executive Board’s unanimous [approval](#) of a resolution to decline the qualified 2020 election results recently.

“We reject the certified results of the 2020 Presidential election,” read the resolution, “and we hold that acting President Joseph Robinette Biden Jr. was not legitimately elected by the people of the United States.”

The resolution, which followed a comparable move by the [Texas GOP](#), is set up for a July 7 vote of the MCRC Governance Committee, according to [The Gateway Pundit](#). It will likewise be brought in the past precinct committee members for extra votes in their particular districts.

Arizona GOP Gubernatorial candidate Kari Lake tweeted out a video from the hearing noting that the *“Forensic Audit/Paper Ballot Analysis confirms (once again) that President Trump won Arizona in a landslide.”* Lake is endorsed by President Trump and is currently considered the [odds-on favorite](#) for the Republican primary on August 2nd polling at 27%, her closest competitor Karrin Taylor Robson is at 23%.
