I spent half an hour trying to talk with them, wanting to learn about their culture

until the bartender cut me off and told me they were patio umbrellas.

1. If you were to strip naked and run around in a circle at the speed of 186,282 miles/sec (the speed of light), it would theoretically be possible for you to screw yourself.

2. However, since you are not physically capable of achieving that speed at your age, you can also accomplish the same result by:

Voting Democratic in the November election.
